

Internship Opportunity

Position Overview:

We are seeking a motivated and talented individual to join our team as a Developer Intern (Frontend Focused). This internship offers a unique opportunity to gain hands-on experience in a fast-paced and collaborative environment. The ideal candidate will have a solid foundation in JavaScript programming and a keen interest in developing innovative solutions, particularly in the realm of Telegram bot development.

Responsibilities:

- Collaborate with our development team to design, develop, and implement JavaScript-based solutions.
- Assist in the development and maintenance of Telegram bots, including implementing new features and optimizing performance.
- Participate in code reviews and provide constructive feedback to team members.
- Contribute ideas and solutions to enhance our products and services.
- Stay up-to-date with the latest trends and technologies in web development and bot development.

Requirements:

- **Currently enrolled** in a Computer Science, Software Engineering, or related degree program.
- Strong proficiency in JavaScript and experience with modern +
- Familiarity with developing Telegram bots using Telegram Bot API and related libraries (e.g., telegraf).
- Solid understanding of web development principles, including HTML, CSS, and RESTful APIs.
- Excellent problem-solving skills and a passion for learning and self-improvement.
- Strong communication skills and the ability to work effectively in a team environment.

Preferred Qualifications:

- Previous internship or School project experience in software development or related fields.
- Experience with version control systems such as Git.
- Knowledge of additional programming languages and technologies (e.g., Python, SQL, MongoDB).
- Duration: internship duration 4 months

Benefits:

- Hands-on experience working on real-world projects.
- Mentorship and guidance from experienced developers.
- Opportunity to network and build connections in the tech industry.
- Potential for future full-time employment opportunities based on performance.

How to Apply:

Interested candidates should submit their resume and a brief cover letter outlining their qualifications and interest using crossroadsplc99@gmail.com. Please include any relevant links to your portfolio, GitHub profile, or projects.
